

Behavior in case of fire for guests and people in the Silo:

All employees of the Silo Hostel are sensitized in the event of a fire alarm and follow the instructions of the management (BL). The BL is responsible for ensuring that everything runs smoothly. In their absence, the employee in the Living Room takes over this task.

The instructions of the Silo Hostel staff must be followed at all times in an emergency!

	<p>1. <u>Fire alarm is perceived by an acoustic signal and the source of the fire is NOT visible at first glance.</u></p>
	<p>2. <u>Fire is detected and no automatic alarm has yet been activated.</u></p> <p><u>Raise the alarm.</u></p> <ul style="list-style-type: none"> ➤ The nearest manual button is in the staircase - transmitted directly to the fire department day and night.
